

Table B: FBS Quartile Spending Trends

Football Bowl Subdivision (FBS): Institutions stretching resources to keep up with top spenders in athletics

Academic and athletics spending by 2010 athletics spending quartile

FBS Spending Quartile, 2010	Percentage change in median academic spending per student, 2005–2010	Percentage change in median institutional funding for athletics per athlete, 2005–2010	Percentage change in median athletics expenses per athlete, 2005–2010
Quartile 1 (high)	30.4%	44.7%	16.5%
Quartile 2	17.2%	48.4%	43.1%
Quartile 3	21.9%	59.5%	57.8%
Quartile 4 (low)	19.2%	41.5%	28.0%

FBS Spending Quartile, 2010	Median academic spending per student, 2010	Median athletics spending per athlete, 2010	Median athletics spending per athlete greater than academic spending per student, 2010
Quartile 1 (high)	\$16,500	\$149,711	9.1
Quartile 2	\$14,684	\$108,911	7.4
FBS Median	\$13,628	\$91,936	6.7
Quartile 3	\$12,129	\$77,535	6.4
Quartile 4 (low)	\$11,706	\$51,532	4.4

These tables show the levels and growth of academic and athletics spending on a per student and per athlete basis respectively grouped by 2010 athletics spending quartile for 97 of the 103 public institutions in the NCAA Football Bowl Subdivision over this timeframe.
